Gifts That Last

Easter, festival of spring is everywhere a time of adornment. Nature provides new dress for every growing thing; the sky is more brightly blue, the birds are gayly feathered.

Personal adornment at Eastertide is natural and in harmonious keeping with this season of gladness, and the bit of jewelry or some little accessory of dress becomes a part of the Easter costume. The setting of the Easter table also suggests lustrous silver and glass to fittingly accompany the joyous hues of springtime flowers.

Local News.

Steve Haney, of Kermann, is spending a few days with his sister, Mrs. Hugo Schmidt.

Brooks A. Caven has been appointed a notary public for the Province of Alberta.

L. E. Martin has been investing in some valuable Californian property of late, and the other day purchased a splendid orchard. No holding a good man down, and of course Mr. Martin will come out top in his investment.

Several strangers have been in our midst of late looking conditions over, and it looks as if something will be doing in the real estate business during the summer.

Farms for rent are much in demand, and it looks as if many who are on the quest in this district will be disappointed. Changed days from the time when the majority of farmers were ready to rent their places.

Mr and Mrs James Millburn celebrated their 60th wedding anniversary on Friday, and received the hearty congratulations of their many friends. The aged couple are hale and hearty, and the wish of our community is that they may be spared to enjoy many more anniversaries.

Everything in its season—the boys are playing marbles, the elders are at checkers night and day, and now Charlie is busy harnessing his horse shoes preparatory to the opening of the quail season. Just one dozen thing after another in this highly favoured corner of the universal vineyard.

Miss Nellie Holly has resigned her position in the post-office, and leaves on an early date for England. This step has been necessitated through her mother's serious illness. During the two years she has been "behind the wicket" she has proved an efficient assistant, and has made many friends who will regret her departure. Her position in the office has been taken by Miss Clara James, who is well known to the office patrons, being one of our local girls.

A meeting of the executive of the Milk and Cream Producers' Association was held Saturday afternoon when representatives of the Calgary Central Creameries and Edmonton City Dairy Co. were in attendance and submitted proposals as to building a cream factory. These proposals will be laid before the U.F.A. locals for their approval.

There was a very fair attendance at the institute meeting, under auspices of the Ponoka Agricultural Society, held in the town hall Saturday evening. Frank Mayled, gardener at the hospital, gave a very instructive address on gardening in general and the suitability of the various seeds to our district. W. L. Goss, president, and at the close moved a hearty vote of thanks to Mr. Mayled for his address.

Room—On Thursday, March 20, to Mr and Mrs Chas. Ross, a son.

South—On Thursday, March 30th, to Dr. and Mrs T. C. Smith, a son.

The Women's Institute will meet at the home of Mrs. Hugh Miller on Wednesday, April 12th.

There will be a Minstrel Show and Dance in the Brooksona Hall on Monday evening, April 10, at 8.15 sharp. Red Deer orchestra.

L. T. Williams' sale which was advertised for Mar. 13, but postponed, will now be held on Friday, April 14. Location of Farm is the West 1/2 of 2442 24 (the old Seel place), 11 miles east of Ponoka.

A farewell social was arranged on March 21st by the neighbors of Mr and Mrs J. Meyer, west of town. About fifty gathered for a social day, and all enjoyed themselves, the worthy couple having charming entertainers. Dinner was served shortly after noon, and in the course of the proceedings a solid brooch, with ruby setting was presented to Mrs. Meyer, Mrs. W. H. Harris made the presentation in a few well chosen words, and all left feeling their keen disappointment at losing two such public spirited neighbors and local friends.

The whist drive and dance, given by the officers and members of Ponoka Lodge No. 11, and Revels Lodge No. 33, of the L.O.O.F. on Wednesday evening in the Empress Theatre was declared by those present to be a complete success. While seventy-six joined in whist, others played checkers, dominoes and other lighter card games. Dancing was enjoyed by most of those present, and a sumptuous lap supper was served. No one seemed out of place, and all enjoyed a very pleasant evening. A repetition of the same at no distant date would be very much appreciated.

First of April, and spring is with us, the snow having gone in a hurry during the past few days, and now our farmers are busy getting ready for seeding. The past winter has been very mild throughout, and both man and beast have fared well. But little feeding had to be resorted to, and stock are in fine condition. It is reported that a little more than the average clearing and breaking has been done during the past season, and of course that means a larger acreage for crop, but many of our farmers are going in rather more extensively far summer fallow, so that the acreage should be about on a par with that of last year. At present prospects are good for an early start, and given sufficient moisture during the summer all will be well.

Don. Bush, secretary of Fertile Valley M.D. No. 429, has a supply of gopher poison for distribution in the municipality. Please call at office for supply.

Establie young people will give an entertainment at Earlville church on Friday, April 7th, at 8 o'clock. Lunch after entertainment at 25c per plate.

Minstrel Show and Dance in Brooksona Hall on Monday, April 10th, at 8.15 sharp. Admission to show 50c, to supper and dance \$1.50 per couple.

Films D. velvet Free—6 Prints, any size, 25 cents. 24 hour service. —Central Finishing Co., Camrose, Alberta.

If in need of a Suit, Ladies' or Gentlemen's, call up Andrew Lund, room, phone 1013, Ponoka.

Do not wait! Do it now! Have your eyesight examined by M. M. Stockenberg, a specialist of 20 years, and who has been visiting Ponoka 15 years. Will operate at 2 Royal Hotel on Friday, April 21st. Charges moderate.

Good meals, clean comfortable rooms, and good service can be had at the Alberta Hotel, under new management.

Mrs. Jas. B. BEATTIE, Prop.

\$5 to \$10 DAY gathering Evergreen, green, Rose and Apple in the fields and roadside look and price free. BOTANICAL, 4 West Haven, Conn.

North And South Reach New Agreement For Peace In Ireland

London.—Winston Spencer Churchill, secretary for the colonies, announced in the House of Commons the terms of the new agreement reached between the representatives of the northern and southern governments in Ireland for bringing about peace in the strife-torn country.

The agreement which was reached with unexpected expedition at a conference between delegates of the Irish groups and representatives of the Imperial Government, far transcends in importance the first agreement between Michael Collins, head of the Provisional Government, and Sir James Craig, the Ulster premier, at an earlier stage in the negotiations. It provides for the reorganization of the police in Ulster on a basis satisfactory to the religious feelings of the people of the north and south; for the trial of persons charged with serious offenses by a special court composed of the highest justices; for general cooperation between the north and south of a most promising character, and for assistance from the British Parliament to remedy the unemployment difficulties in Belfast, which rendered the north almost impossible.

The terms of the Irish agreement as announced in the House of Commons by Winston Spencer Churchill.

ARMS CONFERENCE DELEGATE SAYS INDIA WILL REMAIN WITHIN EMPIRE

London.—Eight Hon. R. R. S. Sivasastri, speaking at a dinner given at Delhi in his honor, Reuters' Delhi correspondent cables, made his first important utterance since his return to India from the Washington conference. He declared that a section of the American press was functioning in wrong channels regarding India's connection with Great Britain. He stressed the urgent need of understanding between the United States and Britain to proclaim that, according to the best opinion in India, the country was determined to remain within the British Commonwealth.

Speaking of his intended intention to visit Australia, New Zealand and South Africa this summer, Mr. Sivasastri said he would devote himself to pleading the cause of the Indians and the British in the dominions. He said he hoped to help educate the electorate in the dominions with a view to assisting their premier to carry legislation giving effect to the resolution which the Imperial conference passed last week endorsing the British position that India would soon attain dominion status.

Deterioration of Livestock Denied

British Minister of Agriculture Says Settlement
London.—In the House of Commons a member alleged that home-bred cattle, sheep and pigs were rapidly deteriorating and that the cause was tuberculosis. He urged that removal of Canadian cattle embargo be undertaken so as to allow healthy cattle and other stock to enter the country.

Sir A. Griffith-Boscawen, minister of agriculture, replying, denied the allegations about the deterioration of English stock and his denial was cheered.

Indiana Woman Killed by Kerosene
Shanghai.—Mrs. W. J. Stidley, of Bristol, Ind., was killed and four others were wounded when two kerosene lamps exploded in an attempt to assassinate Gen. Giuseppe Canina, former Japanese minister of war, upon their arrival at the Hotel Manilla. Mrs. Stidley was accompanied by her husband on a trip around the world.

King Albert Hurt
London.—King Albert of Belgium, who is visiting London, injured his right arm in a fall in his room, says a Central News despatch quoting the newspaper Tribuna.

Amendment to Dominion Elections Act Affecting The Franchise Of Women

Ottawa.—The first private member's motion of the session was carried without division in the House and will result in an amendment to the Dominion Elections Act, affecting the franchise of women. The motion, introduced by Mr. J. H. Ross, a member of the opposition, was that the franchise of women be extended to the Dominion of Wales, which was not included in the original act. The motion was particularly in order, as a subsection of the act at present states that a woman who is not born on the continent of North America must obtain a certificate of naturalization before she is entitled to vote.

W. D. Fisher (Liberal, New Brunswick), led the discussion. As he has done in previous sessions, Mr. Fisher made an expression of opinion from the House that the subsection should be struck from the act. He claimed that it had disfranchised thousands. It placed the woman here in France or Belgium in a position inferior to that of the Mexican black or white. The subsection, it was claimed, was a relic of the days of the slave.

Refuse Permits For Foolhardy Stunts

Niagara Falls, Ont.—Mayor Thompson has two applications before him for permits to erect a cable across lower Niagara Gorge to be used for an exhibition stunt, but he has decided to refuse them. The application from Miss Eleanor Yelting, the 17-year-old English girl, who wants to perform the "Blindfold" feat, has been on file for some time and the second one arrived from James Hard, of Toronto, who asks permission to repeat his performance of 1896. The mayor states the ground that the corporation would not be justified in permitting an attempt to walk across the river, because of the risk of life.

Basilia of St. Anne Destroyed By Fire

Short Circuit in Electric Wiring Said to Be Cause

Quebec.—As a result of the fire which broke out in St. Anne de Basilia, the church of the Holy Spirit, the magnificent cathedral which marked the site of the famous shrine, where pilgrims have worshipped for more than three centuries, is left standing. While the monastery and the college are also a mass of desolate ruins. The cause of the fire is estimated at \$120,000, while the insurance carrier will probably reach the sum of \$100,000. Although no definite plan has yet been announced by the Redemptorist Fathers, it was stated that as soon as possible work will be started to rebuild the venerable pile and it was said that it would be constructed on a larger and even more imposing scale than the building which has just been destroyed. The cause of the fire is attributed to a short circuit in the electric wiring.

Newspaper Insures Readers

Competition Among London Publishers Leads to Remarkable Offer

London.—Further attempts to beat the rest are now being made daily by London newspapers in their competition for circulation. Although the public is now insured against every conceivable risk, including loss of laundry, mumps, cholera and sudden death, by the purchase of a morning newspaper, the Londoners of the future New Zealanders, the News announces that not only the reader of the News but also the publisher will be insured against the loss of the paper for 10 years of age will be insured gratis.

The Morning Post has added new features and is now the most complete of intention to become the premier newspaper of England.

The Daily Telegraph has arranged to distribute its latest edition in Paris before breakfast time by means of special service to be supplied by an airplane company.

Airplanes for Arctic Journey

Two U.S. Planes Will Accompany Canadian Expedition

New York.—Two United States cruising airplanes, equipped with powerful radio telephones, will accompany Capt. R. H. Anderson in his expedition across the Arctic basin, scheduled to start from Seattle, June 1. The Norwegian explorer, who made his arrival from Norway to complete his expedition plans. With Anderson is Lieut. Oscar Nord, Norwegian air ace, who has had special training in flying under adverse conditions. Another pilot who will accompany the expedition is Lieut. J. H. Doolittle, who is now on his way to the coast via the Panama Canal.

Death of Alberta Member

C. P. Wright Was Ill Only a Few Days

Edmonton, Alta.—C. P. Wright, P.A. member of the Alberta House of Commons, died at the Royal Alexandra Hospital, Edmonton, Alberta, after a brief illness. Mr. Wright was taken ill at the San Remo Hotel, where he was staying with his wife and family.

The late Mr. Wright leaves a wife and three children, one of whom, a daughter, is at the same hospital suffering from pneumonia.

It is understood that the late Mr. Wright was a member of the House of Commons for several years. He was a member of the House of Commons for several years. He was a member of the House of Commons for several years.

Verdun Given Grant

Paris.—The ministry of liberated regions has granted \$200,000 francs to the city of Verdun with which to start reconstruction of the town, burned by the German guns during the war.

Nine-Power Treaty Refined

Washington.—The nine-power treaty drafted by the armaments conference to carry forward the open door policy in China has been ratified by the Senate.

WESTERN EDITORS

J. H. Hastings, Editor of The Star, Whitehorse, Yukon.

Research Work to Counteract Grasshoppers

Looking for Diminution of Menace in the West

Ottawa.—A diminution of the grasshopper menace in the western provinces during the coming crop season is looked for by the Dominion Department of Agriculture, according to answers given to a question in the House by W. R. Gould (Conservative).

Hon. W. R. Motherwell stated that in Manitoba from evidence at hand it was anticipated that grasshoppers would be less in evidence than they were during 1921. In Saskatchewan a further outbreak was expected, but the chief outbreak apparently would be in Alberta in which province there was a heavy egg deposition in 1921, which, it was expected, would result in an important infestation of hoppers in 1922, particularly in the sections immediately north of the main line of the Canadian Northern Railway.

It was the intention of the government to conduct a series of experiments with a view to finding means to counteract the damage caused by the grasshoppers, wheat stem fly, rust and other pests.

Further experiments with chlorine gas as an insect destroyer would not be made, as previous experiments with this gas indicated that the remedy was too expensive, Mr. Motherwell added.

Registered Bonds Discarded by Thieves

Police Recover \$3450 Stolen From Bank at Ladner, B.C.

Vancouver.—City police recovered bonds worth \$3,450, proceeds of a robbery which melted thieves who looted the Royal Bank at Ladner, B.C., securities to the value of more than \$50,000. The recovered bonds, which were registered and apparently discarded by the robbers as too difficult to dispose of, were lying in the stolen automobile which the robbers used in their raid on the bank. The bank belonging to Winslow Staples, of Ladner, was left at the rear of an apartment house in Vancouver, where Mr. Staples' daughter resides.

The exact value of the loss has not been established but a partial list compiled by officials indicates that at least \$25,000 worth of the stolen securities were easily noticeable.

Par Depot for Wrangal Island

Vancouver, B.C.—The Hudson's Bay Company is understood to be considering opening a great fur clearing depot at Wrangal Island upon which the British flag was hoisted recently. Last season the steamer Lady Kitchener had made a visit to Wrangal Island. If she could have escaped the fog at her having come out of the waters of Herby Island, Wrangal lies to the west of Iskut Strait, while Herby lies to the east.

Death of Alberta Member

C. P. Wright Was Ill Only a Few Days

Edmonton, Alta.—C. P. Wright, P.A. member of the Alberta House of Commons, died at the Royal Alexandra Hospital, Edmonton, Alberta, after a brief illness. Mr. Wright was taken ill at the San Remo Hotel, where he was staying with his wife and family.

Advocates Deporting Alien Bootleggers

Washington.—The situation along the Canadian border created by the recent influx of bootleggers is improving somewhat but not as fast as the United States prohibition enforcement department desires, according to J. P. Jones, assistant prohibition commissioner, who appeared before the House Committee on Immigration and Naturalization. He also advocated the application of similar measures toward offenders under the narcotic laws to curb illicit traffic in drugs, the extent of which is international.

Death of Sir John C. Eaton

Toronto's Merchant Prince Succumbs to Influenza After Gallant Fight

Toronto.—Sir John C. Eaton, 67, died at a hospital and remarkable fight for over a period of about six weeks. He was 64 years old.

Lady Eaton, wife of Sir John, Mrs. Timothy Eaton, his mother and widow of the founder of the immense department store in which Sir John was president, Timothy Eaton, the year-old son who died at his home last week, together with other relatives and officials of the Eaton family were near at hand when death ensued.

Sir John took a chill in Montreal while on a business trip in February and New York. This developed into influenza, followed by pneumonia. The most skillful physicians on the continent were summoned to the bedside.

During the week ending March 1, Sir John rallied considerably, and the physicians, while retaining a conservative attitude regarding his condition, ceased the issuance of daily bulletins. It was with something of a shock that the information was received that Sir John was again in a critical condition.

Sir John C. Eaton was regarded as Toronto's biggest millionaire. The interests of which he was the head were manifold in many parts of Canada, Great Britain and foreign countries. He was prominent in philanthropic and patriotic work.

He was born in Toronto in 1876, and succeeded his father as head of the company in 1907. He had two sons and four young sons and one daughter survive; also Mrs. Timothy Eaton, mother of Sir John; and Lady Eaton, his widow.

Sir John C. Eaton, K.B., generally supposed to be Toronto's wealthiest citizen, was born in Toronto, April 28, 1876. His father was the late Timothy Eaton, founder of the extensive business with its headquarters in a number of cities of the Dominion including Montreal, Moncton, Winnipeg, Vancouver, Toronto and Regina.

Ontario's Liquor Troubles

Hamilton, Ont.—It is stated here that Hon. W. R. Baker, attorney general of Ontario, will avoid a more difficult case before appealing to his position to test the legality of trucking liquor through Ontario for delivery into the United States. A motor load of whiskey consigned to a Toronto firm in advance, N.Y., was recently seized here. A conviction registered in this connection by the local magistrate was reversed by the county judge.

Speaker Lemieux's Father Dead

Montreal.—H. A. Lemieux, father of Hon. Rodolphe Lemieux, speaker of the House of Commons, is dead. He was born near Montreal in 1837. He was a member of the House of Commons for many years. He was a member of the House of Commons for many years.

Decrease in Eastern Freight

Winnipeg.—Reductions in lake and rail freight rates on grain and grain products of 2 1/2 cents per 100 pounds on grain for domestic consumption at the rate of 100 pounds for export, applicable at the head of the lakes and points in Eastern Canada and Eastern United States, were announced by Canadian Pacific Railway tonight.

The reduction on export rates will take effect on April 20 and on domestic rates, April 25.

Jeffre Plants Tree in Victoria

Victoria, B.C.—In memory of Canadian soldiers who died in France, the Mayor of Victoria, Mr. J. H. Jeffre, planted a tree in the city square. The tree was planted in the city square in the early years of the war. The tree was planted in the city square in the early years of the war.

Allied Supreme Council Expected to Meet Again In The Near Future

Paris.—The Allied Supreme Council is likely to meet again in the near future, it is believed here, as a result of the German chancellor's refusal of conditions attached by the reparations commission to the moratorium payment. The Chancellor's reply will come before the reparations commission in that that body, lacking the power to take any coercive measures, will again refer the question to the Allies.

It is believed, to permit of an agreement on a plan of action.

Coal Miners In U. S. And Western Canada Go Out On Strike

Saskatchewan Teachers' Convention

Good Programme Arranged for Sessions at Saskatoon This Year

Regina.—The committee in charge of the Provincial Teachers' Convention to be held in Saskatoon, April 19, 20 and 21 reports the programme for this year's convention will eclipse even the best of previous years.

The executive has been fortunate in securing as one of their speakers, Professor Zimmerman, recognized as one of the leading educationalists and one of the outstanding scholars of Great Britain.

Professor Zimmerman will speak on the following topics: "Education and Life," "Politics and Life," "Education in Britain."

Other speakers outside the Saskatchewan teaching province who will address the convention are Chief Justice Riddell who will speak on "National Educational Conference of the North West," Dr. Cranney, of Red Deer, Alta., on "Education in Canada," Dr. Carleton, of the University of Saskatchewan, on "The Wage Question."

Special railway rates will be available from April 15 to April 25. To avail themselves of these rates passengers will purchase first class tickets to Saskatoon and obtain at the same time a standard certificate, which must be presented at time of registration.

Information about the convention can be secured by writing to the Secretary, R. Weir, Regina, Normal.

Miners Narrowly Escape Suffocation

Doors Governing Air in California Colony Were Jammed

Sedney, N.C.—Four hundred miners in California Colony, near Sedney, N.C., narrowly escaped suffocation by an alleged attempt of sabotage in the mining district of Ohio Bay. The men were about to begin work when inspectors discovered that two large doors governing the flow of air through the mine, which had been jammed, so that no fresh air was being pumped into the working section of the mine, with the result the atmosphere was rapidly becoming foul and fatal to human beings.

Editor Protests Against Boycott

Wage Dispute in Publishing Trade Effects British Magazine

London.—The editor of the Nineteenth Century Review, a well known magazine, issues a public protest against the treatment accorded his publication by the trade union. The magazine, which is published by the Nineteenth Century and Company, was boycotted and the April issue is being similarly threatened as a result of the wage dispute in the printing trade. The union, it was declared, ordered the publication not to be sold by railway bookstalls or the reading distribution.

Double Reported Death of Lenin

Conflicting Stories Being Told of Russian Soviet Premier

London.—A Central News despatch from Moscow states that a report that Nikolai Lenin, Russian Soviet premier, is dead, is published by the press and newspapers, who treat it with reserve.

Lenine has been reported dead or seriously ill on several occasions. One of the latest stories was that a German specialist was being rushed to Moscow to treat him for an internal disease restricting work, which he had suffered from for some time.

Another version was that he was suffering from cancer, but a Moscow despatch at the Associated Press told of his appearance before a meeting of the all-Russian Communist congress in the Kremlin Palace, at which he spoke for two hours.

Woman Amputates Arm

Seattle.—Mrs. M. Landauer amputated her own arm at her home in Highland, a suburb, because the told her deformed daughter, who was commanded her to do so. She was taken to a hospital in a critical condition. The doctor who performed the operation, which may precede the general congress.

Allied Supreme Council Expected to Meet Again In The Near Future

Paris.—The Allied Supreme Council is likely to meet again in the near future, it is believed here, as a result of the German chancellor's refusal of conditions attached by the reparations commission to the moratorium payment. The Chancellor's reply will come before the reparations commission in that that body, lacking the power to take any coercive measures, will again refer the question to the Allies.

It is believed, to permit of an agreement on a plan of action.

New York.—Approximately 600,000 coal miners have quit work in the new wage contracts, according to union figures.

The idle miners include 200,000 union men and some 100,000 non-union men, according to union statistics.

The United States Government declined not to take any action at present, as the situation was not deemed critical.

The only strike in the strike area was Kentucky, where 5,000 union men continued work because their contract runs another year.

Kansas miners were ordered out despite an order of the industrial court to the contrary, and the present contract is not in effect.

In Western Canada, comprising the outfields of Alberta and Eastern British Columbia, approximately twelve thousand men went out. The operators and miners came to an agreement this afternoon for keeping in the pumpmen and others to protect the mines at salaries prevailing. The eastern mines were not affected.

Governments indicate goodly coal supplies on hand, estimated at 100,000,000 tons in certain areas at least. Railroad officers asserted plans had been made to suspend car rates for coal during the strike.

It is estimated that 15,000 railroad men in Pennsylvania will not do work as a result of the strike.

To Represent Canada at Rome

W. A. Wilson, of Regina, Will Attend Meeting of World Agriculturalists

Regina, Sask.—W. A. Wilson, general manager of the Saskatchewan cooperative Creameries, has been appointed one of two delegates to represent Canada at the forthcoming conference of world agriculturalists to be held in Rome, Italy. The delegates from the Dominion Government, and Mr. Wilson has just received notice of his appointment. He will leave here about April 15 en route to the sunny south, to take part in the world conference.

One of the most important questions likely to be discussed at this session of the conference will be the availability or arranging a wheat pool which will be able to exercise some kind of control on the prices of wheat world-wide.

Mr. Wilson was formerly dairy commissioner for the Government of Saskatchewan.

Double Reported Death of Lenin

Fifty-five Creameries in Operation in Saskatchewan

A report recently given out by the Dairy Commissioner of Saskatchewan shows that during the year 1921 there were fifty-five creameries in operation in the province and the total output of creamery butter from these was 7,053,000 pounds with value of \$2,640,000. Last year was the first year the creamery output of Saskatchewan reached seven million pounds weight, an increase of nearly 7 per cent. over 1920. There was also an increase of nearly 2,000,000 milk cows in the province, and the total value of dairy products was more than eighteen and three-quarter million dollars.

Pains in Back,
Limbs and Side
Yield to 'Nervine'

If you have failed to secure relief from other remedies, rub on lots of good old 'Nervine'. The strongest medicine penetrating pain relief on the market. 'Nervine' acts directly on small pains and is the surest to drive out the big ones. It is because every drop of 'Nervine' rubs in here and there that it has the ability to kill in depth that it drives away pain that ordinary oils and liniments won't touch. Large 50c bottle at all dealers.

To Protect Egypt

Britain Will Protect the New Egyptian Regime

Margit Cuzon, secretary for foreign affairs, has sent identical dispatches to all British ambassadors saying that the termination of the British protectorate over Egypt has been decided by the Egyptian government. The dispatches say the British government will regard as an unfriendly act any attempt at interfering with the affairs of Egypt by another power and will consider any aggression in Egyptian territory as an act to be repelled with all the means at the command of the British government.

Worries in children, if they are not attended to, cause convulsions, and often death. Mother Graves, Nurse Examiner will protect the children from these distressing afflictions.

Importance Of The Automobile

The 120,000 automobiles in Canada covered a road mileage in 1920 which exceeded 1,600,000,000 and rendered a passenger mileage of not less than 6,500,000,000. The steam and electric railways of the Dominion combined carried but 62,117,000, according to S. L. Squire of the Canadian Good Roads Association. The number of passengers carried is 22,000,000 annually.

Labor is higher in Spain than in any of the other far eastern countries.

The Boy Who Started to Town
With a Hundred Dollars

The advice they gave him for getting on in the world was simple and familiar enough: "Keep what you have, and build on it. Be careful what you do and it will grow into more."

It's a safe rule—with money or health, but a good rule over the rule with health, until they have lost what they had. Then it's hard to get a new supply.

Postum is a splendid help in saving health from the very common losses through the drug elements of tea and coffee—whose effects on the nervous system any doctor can tell you.

Thousands of people who think it wise to be as careful of their health as they are of their dollars are users of Postum. They find this famous cereal beverage a delightful drink with any meal,

and it's free from any disturbing element. You can begin with Postum today, with an order to your grocer. The road to health is a good road for anybody to follow. "Save what you have, and build on it," is sound policy for everybody.

Postum is made in Canada. Instant Postum (in tiny made instantly in the cup by the addition of boiling water. Postum cereal (in packages of larger bulk) for those who prefer to make the drink while the meal is being prepared, made by boiling for 20 minutes.

Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited, Windsor, Ont.

Here Is Something Smart.

A Matter of Taste
Mr. Sadron—These pills are all the same flavor to me, dear.
Mrs. Sadron—But you can tell the difference by the labels.

Mr. Sadron—Possibly, but I never thought of tasting the labels.

A GOOD MEDICINE
FOR THE SPRINGTIME

Do Not Use Harsh Purgatives—A Tonic is All You Need
Not sick—but not feeling quite well. That is the way most people feel in the spring. Early food, digestive, sometimes headache and a feeling of depression. Flurries or nervousness may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the system has not yet been fully recharged and you may easily develop further serious trouble.

Do not dose yourself with purgatives to get your bowels moving. In the long run you can put your bowels back to normal by using a mild, safe, and effective medicine.

Any doctor will tell you this is the best way to get the spring in a tone that will enrich the blood and make the system healthy. The "Pink Pills" do this so quickly, safely and surely. Every dose of this medicine helps to enrich the blood which clears the skin, strengthens the appetite and makes liver, depressed, weak, nervous and children bright, active and strong. Mrs. K. K. McFarlane, P.O. N.Y., N.Y., says: "I have been in the habit of taking Dr. Williams' 'Pink Pills' in the spring and they keep me in the best of health. I think it is truly due to the use of these pills that I always have such good health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Taking Census of Bees

New Electrical Device Counts Insects

A census of the bees in a hive has been made possible by a device invented by an employee of the Bureau of Entomology, Washington, which consists of a gate placed at the entrance of the hive with a series of electrical contacts. Bees entering the hive in such a way that every time a bee passes through the gate its passage is recorded.

As about 50,000 bees go out during the day on honey gathering expeditions, considerable electrical energy is needed to operate the recording device, which the amount of energy expended by the device each day is a barometer of the weather.

A self-appointed committee of the Conservation of Energy and Promotion of Industry Among Office Boys was asked for a synopsis of the results of its investigations.

On 175 office boys whose habits were subject to the investigation, it was determined:

Twelve per cent. read novel magazines and memorize the lines of "The Waste Land."

Forty per cent. print their names in various types over several times daily.

On per cent. watch the door from the hall, while they pilot executives with other floor directors and presidents.

Thirty per cent. collect post stamps and spend their time over them.

Seven per cent. practice typing. The ladies' room has lamps on the way out.

Four per cent. sleep. Three per cent. sit out and think. Six per cent. sit.

The remaining boys are reported to be too busy to be sufficiently clever to do anything that even their friends do not know what they do.

Horses shipped to Yukon
Twenty heavy horses from a Mount Jaw horse was shipped north from Vancouver on the steamer "Princess Mary" for Mayo and Whitehorse, in the Yukon.

Kurds Easy to Divorce
Divorce in Kurdistan is ridiculously easy. It is only necessary for a man to say to his wife, "I divorce you," three times and the thing is done.

Documents prove that William the Conqueror, England's first Norman king, could not sign his own name.

SLOAN'S RELIEVES
NEURALGIC ACHES

FOR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, neuralgic, lame backs, sprains, and strains, aches and pains.

Keep Sloan's handy and apply freely. Anointed ointment, at the first twinge. It cures and brings comfort surely and readily. You'll find it clean and non-staining.

Sloan's Liniment is pain's enemy. Ask your neighbor.
At all drug stores—50c, 70c, \$1.00.

Sloan's Liniment (Pain's Enemy)

House Shortage in England
A statement from the British War Office shows that the present house shortage is having a direct effect on the army, as well as on the civilian population in England. Many hundreds of soldiers with families have been allowed to remain in the married men's quarters under the home command, thus depriving married soldiers of required accommodation, but the army council is now compelled to obtain possession of these quarters.

Legends on Rocks at Vancouver
Carvings on Rocks Said to be at Least 2,500 Years Old

The peculiar carvings on the rocks along the shore of Mount Lake, near Central Lake, Vancouver, in British Columbia, have been identified by the Indian who inhabited that part of the world. Scientific analysis and examination of the carvings have shown them to be at least 2,500 years old. This fact inclines one to believe the Indian theory that mammoth carvings inhabited Vancouver Island in that remote period. No one knows, until now, how long ago the Indians of the Northwest coast lived in the vicinity of Alberni. He was an old Indian chief, the first on the island, and some of the Indians think that he still exists in his native form. One that had a wonderful record of vanishing the prohibitions, monsters, and other things that the Indians carried pictures in the carvings.

Use Minard's Liniment for the Flu
England's Crop: Smaller
Cultivated Land 721,000 Acres Less Than in 1910

A reduction of 781,000 acres in the cultivated land in England and Wales is shown by Ministry of Agriculture statistics for 1921. The reduction is figured from the total of 1,220,000 acres in 1910 when the country was most heavily cultivated.

The total acreage now in wheat in 1921 was 1,576,000 acres, or 10,000 less than in 1920.

SUNDAY SCHOOL LESSON

LESSON FOR APRIL 9

THE LORD PRESERVES JOASH
Joash, viewed in the light of his ancestors, was a poor prophet of a king. His grandfather was the wicked Athaliah and his great-grandfather was Ahab and Jezebel. There was enough bad blood in his veins to assure his doom. Despite this fact, he became about some noble reforms and turned the people back to God.

1. Joash was seven years old when he was made king. The high priest made a covenant between the Lord and the people that they would be the Lord's people. In carrying out this covenant they broke down the temple of Baal and slew the priest of Baal.

2. Joash preserved by Jehoahaz (vv. 2, 3). Though Athaliah was wicked she was checked by another woman. Her fatal omission was not to get rid of the women too. This woman, the wife of the priest, stole away the child and hid him in the bedchamber for six years. God had promised that through the David line the Messiah should come. In order that the Messiah be unborn Joash must be preserved. No purpose of God can fail.

3. Joash crowned King (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

4. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

5. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

6. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

7. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

8. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

9. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

10. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

11. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

12. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

13. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

14. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

15. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

16. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

17. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

18. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

19. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

20. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

21. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

22. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

23. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

24. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

25. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

26. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

27. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

28. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

29. Joash's preparations (vv. 4, 11). The high priest and his wife were intelligent and strong characters. As a high priest, Jehoahaz felt that it was his duty to thwart the heathen project of Athaliah. Joash's cooperation with his wife was commendable. The saving of Joash.

JOSEPH DRAKE

"When I say that I weigh twenty-five pounds more than I did a short time ago it speaks volumes for the merit of Tanal," said Joe. Dr. Drake, 42 Belmont Ave., Springfield, Ill.

"The first thing Tanal did for me was to give me an appetite and tone up my stomach. It wasn't long before I was eating things I hadn't dared touch for years and anyone to see me in all sorts of activities, which I had to believe that a few weeks ago I was dyspeptic and living on the lightest kind of diet."

"Another good thing Tanal did for me was to drive the rheumatism almost entirely out of my system. In fact I can truthfully say it has made me feel like a new man in every way. It certainly is a grand medicine."

Tanal is sold by all good druggists.

When Women Will

Be Rulers of World

Professor Says by 1977 Men Will Be Doing Housework

Prof. Ralph L. Powers, of the University of Southern California, says that by 1977 at the latest women will rule the world and men will do the housework and care for the children.

The reason for his belief, as stated by Prof. Powers in a lecture, is that the widespread advertisement of women in recent years has "stimulated her in all sorts of activities, which I had to believe that a few weeks ago I was dyspeptic and living on the lightest kind of diet."

Her masculine destiny as ruler of the world is thus merely a matter of swift development.

Children are now allowed in the streets of Norway after dark.

The Northern Ojibway Indians have their names on days of the week.
